
MAIN ALTAR, ST. LOUIS CATHEDRAL

The altar is distinguished for its beauty of design, richness of material, and imposing size. Above the altar itself, the baldacchino rises 57 feet. It is supported by ten monolithic columns of rare marbles in contrasting colors - red Verona, yellow Sienna, Fiori de Pesco (peach blossom), and green Verde Antique.

Pub. by St. Louis Cathedral, 4431 Lindell Blvd., St. Louis, Missouri 63108
